Friends this year, WIRC has kept its Motto **“LEAD”** with a view to transform our student and professional life to a newer heights with taking LEAD through Excellence in Learning, Achievement in Results and Develop ourselves with new area of profession. Word **“LEAD”** stands as:

- L – Leap towards
- E – Excellence
- A – Achievement
- D – Development

We at Rajkot branch of WICASA will also stay in sync with Motto of WIRC to ensure that best decision and thoughts of our senior’s team reaches to each and every student in true and real spirit.

Our Profession has seen many evolutionary changes over the last few years. In an increasingly complex, demanding and competitive 21st century we still need to push the boundaries and rise beyond the ordinary. We have to excel in all aspects to make an impact while we grow professionally and ethically so as to move beyond the set boundaries. Our theme will inspire us to move out of the mundane and routine into doing new and challenging work – where CAs surge into a realm of innovation and creative growth. To provide new and innovative ideas that reflects our true heritage as professionals who not only deal with numbers but provide strategic solutions and to provide continuous impetus for constant growth.

February was a month of great satisfaction and pride for the entire Managing Committee as Rajkot Branch of WICASA got awards at National and Regional levels. We sincerely dedicate this proud moment to all the students of our branch,

whose immense faith and support has brought these laurels. I appreciate the efforts and hard work done by CA Hardik Vyas, immediate past Chairperson of the Branch and CA Bhavin Doshi, immediate past WICASA Chairperson for all the support and passion for student development which is also inspiration to me for the year to come. I would like to congratulate the new Chairperson of the Branch, CA. Jignesh Rathod and wish him all the luck for a successful year ahead.

The Rajkot branch of WICASA has actively organized programs for its students overall Development. I ensure that the same trend will be continued for the coming year and that is possible only with the students' support. The more participation we can acknowledge, the more will be our energy to keep doing what we do. Kindly keep in touch with the Branch website for all information on upcoming events.

We at WICASA committee will always appreciate and welcome suggestion from students. Your suggestion can motivate us to work more and more for the betterment of students at large. If any of the students has any good ideas than please share with us, we will definitely work on it to make it real and successful.

At last I would like to end my speech with saying of Swami Vivekananda -

“You have to Grow from the Inside out. None can teach you, none can make you Spiritual. There is no other teacher but your Own Soul.”

In today's world and current scenario, where every corner of the world is switching towards digitalisation, why CA. profession will remain behind we are the doctors of Indian Economy who take care of every financial and business consultancy needs of the citizens.

The ICAI has setup a board named DAAB (Digital Accounting and Assurance Board) to take care and focus on the issues in accounting and assurance arising from the high pace of digitalisation. The board is emphasizing on use of artificial intelligence in audit as committing fraud is easy in digital era which is difficult to detect and expose through normal auditing procedures, thereby using of CAAT software is one of the best example of audit software.

Chartered Accountants understand and are well aware of the fact that digital future is coming fast and profession needs to get digitally ready, ICAI being regulatory authority for CA.'s and a premier accounting body not only in India but also globally has come up with maintaining highest standards in technical,

ethical areas and highlights on issue in accounting and assurance issues in the digital world.

ICAI has conducted several programs for making its member digitally skilled to fulfil the demands and expectations of society that CA.'s are able to match the economic and technological changes. CA's are expected to go beyond their conventional roles of manual auditing.

One of the best uses of digitalization in CA. profession is introduction of UDIN to stop frauds in the name of CA. done by any other person, only UDIN containing document will considered as a valid signed document by a CA. It is the responsibility of a CA. to generate UDIN and communicate the same on document signed by him.

At last would like to conclude that CA.'s are never outdated, they are adaptive in nature and go through tough training in the form of articleship which makes them a tough people who can handle everything including work pressure and technological changes.
